

Wonderful warm cabins with heaters and plugs. Outside the window there is a clothesline just in case you don't have enough dry clothes. There is about 8-10 people allowed in each cabin, both girls and boys. Beneath the girls cabins there is a huge dining room that can fit approximately 150 people. The dining room has two servers.

Finlay Park Adventure camp is in Cambridge just below Hamilton. It has a lovely view of Lake Karapiro. The lake gives us lots of advantages such as kayaking, taking the barge to an island, a hydro slide and much more other fun activities.

At Finlay park adventure camp children have lots of opportunities to overcome their fears and have as much fun as they want.
