PARTNER

Margot Fonteyn partnered up with Rudolf Nurvey who was a russian dancer in Vics Well Ballet

MARGOT FONTEYN

THE GREATEST DANCER OF ALL TIME
BY AIMEE BARTLETT

BALLET

Ballet is a delicate dance . You should be very confident and enjoy learning . Also creativity comes in handy when you one day choreograph a dance . During training you should observe all the moves so you don't need to be told over and over again .You also risk getting badly hurt when you some day go on pointe these are some of the attitudes Margot Fonteyn experienced through her training.

HOW SHE BECAME A DAME

A dame means that you have done something to become famous, Margot has become a very popular dancer and as to be expected she became a dame. These are some of the things she did: became a British prima ballerina and she is one of the worlds best classical dancers of all time. Because of these great achievements, she was made a Dame.

HOW SHE BECAME A DAME

A Dame means that you have done something to become famous, Margot has become a very popular dancer and as to be expected she became a dame. These are some of the things she did. Became a British prima ballerina and she is one of the worlds best classical dancer with all these great thing s she's done they made her a dame
