

# POINT VIEW SCHOOL

## LEARNING TOGETHER

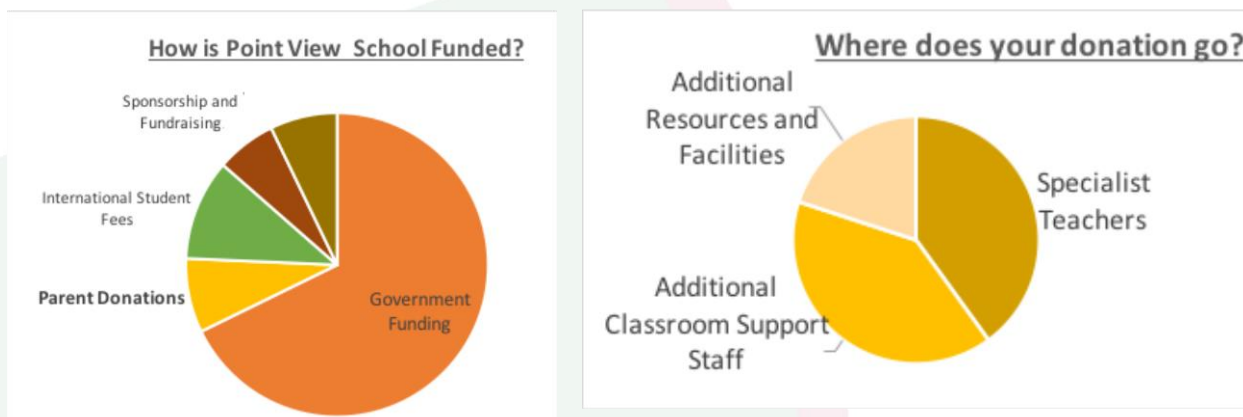

14 February 2020

Dear Parents/Caregivers

### School Donations

The Board of Trustees has left the school donation for 2020 unchanged at \$235 per student.

Schools who are rated by the Ministry of Education as being decile 7 or lower have been able to take advantage of a Government offer for additional funding in place of requesting school donations. As our school is decile 9 we are not eligible for this funding. Your donation is very important, it enables the school to provide teacher support and equipment for technology, music, sports, special programmes and library resources. **Only 70% of our funding is from government sources**, the balance is from our fundraising activities, including parent donations.

Donations can be made through [School Online Payments](#). You can choose to pay instalments during the year by altering the 'amount to pay', or in one payment. Receipts are issued, as donations are tax deductible. Go to [www.ird.govt.nz](http://www.ird.govt.nz) for more information on donation rebates.

Thank you for your support.

Robin Kirkham  
Principal
