

POINT VIEW SCHOOL

LEARNING TOGETHER

Dear Parents of Year 4 children

As part of our Education Outside the Classroom programme we have trips to Eastern Beach planned for our Year 4 children. The programmes will be run by trained instructors from Auckland Council Outdoor Experience. Details of these trips are below.

Year 4 Trip to Eastern Beach

Activities planned include paddle games, kayaking, model raft building, a beach scavenger hunt and team building. Dates for classes are as follows:

Year 4s from Rooms 29, 30 and 31: Tuesday 16 March
Year 4s from Rooms 11, 14 and 16: Wednesday 17 March

For both trips, classes will leave Point View at 8.50am and return shortly before 3.00pm. Parent help is required for the trips to take place. This involves assisting with the running of the activities and the supervision of a group of children. Please indicate on your child's permission form if you are able to assist. Your consideration of this is greatly appreciated!

The cost of this trip is covered by your child's activity fee. Please ensure this is paid promptly, or arrangements have been made with the office, to enable your child to participate in this programme. More information, including clothing and equipment required for each trip, will be included in a future email.

Please complete the form to give your child permission to attend.

Thank you,
Middle School teachers
